All-Round[®] NV

Display & P.O.S. Solutions

Did we make you curious about our products or are you looking for inspiration for the further finishing of your product?

Then contact us for a showroom visit. All-Round NV is easily accessible thanks to our central location in Aalst close to the E40 between Brussels and Ghent.

Your products and promotional campaigns are unique and that's why you want to put them in the spotlight.

Are you therefore looking for fixing systems or Point-of-Sale material? Then you are definitely looking for promotional material that attracts your client's attention, that informs them and convinces them to actually make a purchase.

Shelf and display accessories, card holders, mounting systems, brochure holders or mounting material for display constructions: your Point-of-Sale products, need to make your customers stop, amaze them and encourage them to buy. Are you often looking for a fast and professional service, custom-made for your business ?

Don't look any further. All-Round NV is the place to be. A young, dynamic and multilingual team is at your service to give your national and international projects the attention they deserve. This catalogue already gives you an idea of the countless possibilities.

During our collaboration, you will benefit from our extensive expertise and care for all of your projects: discrete or exuberant, small or big, just a finishing touch or an exhaustive project. Based on your wish list and the characteristics of your product, we think out of the box and we'll come up with a tailor-made proposal. Because our products don't only need to convince you, but also your clients in the first place.

Short deadlines? No big deal. We have our own production site, a huge offer and an extensive stock. Besides this, we permanently strive to offer very short delivery times.

As you can see: at All-Round NV you will certainly find the service and products you are looking for to boost your turnover and thereby grow your revenue.

Ready to let your products stand out? Then contact us to fix an appointment with our sales team. Together, we can check which system or product fits your campaign best and how we can personalize it in order to attract and convince your customers.

1. Hanging Systems

Make your promotional or information campaign stand out and therefore optimize all available space?

Then our hanging systems are the solution you are looking for. Ceiling mountings and posters immediately drag the attention and clearly let your clients know about pricing and promotions of your products.

Hanging systems can be fixed to all kinds of wall and ceiling surfaces: depending on the surface, you can opt for hooks, clamps or clips. Even handier and more refined are magnetic or adhesive systems. The guiding principle of all these options? Sustainability and user friendliness.

No idea of what is your best option? Then get in touch for a non-binding tailor-made proposal.

Display & P.O.S. Solutions

2. Shelf Fitting Accessories

The best possible way to guide your clients through the shelves is by using shelf fitting accessories. They drag your client's eye to specific products and are very easy to use: with these systems, you can modify prices and promotions in the blink of an eye.

Shelf fitting accessories come in three options:

- Label holders for price information
- Wobblers, shelf talkers and banner holders:
The perfect solutions to make your products stand out from the mass on the shelf
- Hang Strips to tempt your clients to go for impulse buys

We offer a personalized design for each product & each promotion. The possibilities within this range really are endless.

2.1 Wobblers with Easy Peel

2.2 Aluminium wobblers

2.3 Spring wobblers

2.4 Printed wobblers

2.5 Shelf clips

2.6 Banner holders

2.7 Label holders

2.8 Hang Strips

2.10 Hang Strips on request

2.1 Wobblers with Easy Peel

Wobblers are made of strong clear recyclable PET which stick to most clean surfaces whilst being easy to remove without marking.

Experienced manufacturer

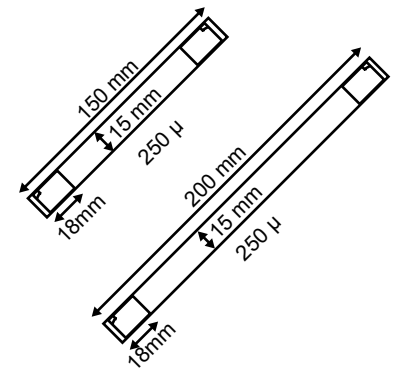

With Easy Peel

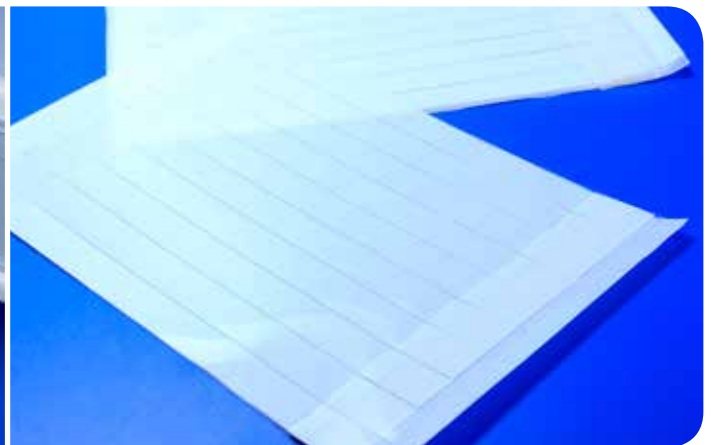

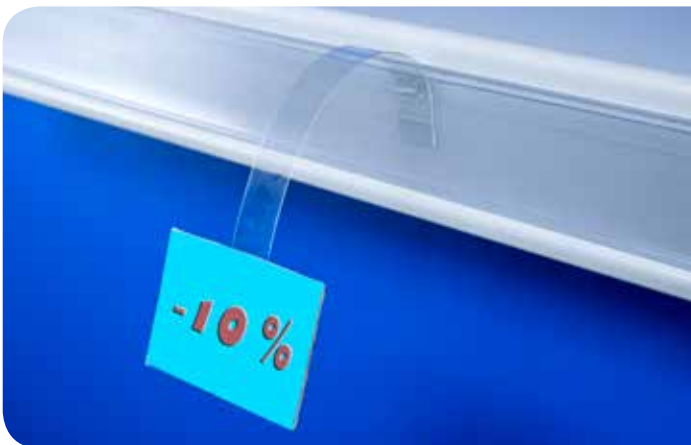

100 % recyclable

WOB1

Clear PET straight wobbler on sheets, with easy peel adhesive on both ends at the same side. These are designed to provide a user-friendly application without the traditional issue of removing release paper. This has the huge advantage to prepare promotion or printed media onto the wobbler arm, ready for stores to remove the Easy Peel backing paper to place in position.

	L	W	PADS	THICKNESS	ADHESIVE	PACKAGING	<input checked="" type="checkbox"/>

WOB5	15mm	2 on both ends	Permanent	•	
WOB5/B	25mm	2 on both ends	Permanent	•	

L → length | W → width | H → height | Ø → diameter | → capacity | → stock | → on request

2.4 Printed wobblers

Printed wobblers are designed to grab the attention of shoppers as they scan the shelves for the products they wish to purchase.

Displaying a short but powerful message on a wobbler triggers a customer's thought to the message or product and stimulates into buying or following the message.

OUR HIGHLY DURABLE WOBLERS DO HAVE FOLLOWING FEATURES:

Any shape, any design, any print, any size is possible

Printed on 300gsm board or PVC

Can be gloss laminated at extra costs

With & without adhesive on the T-Bar

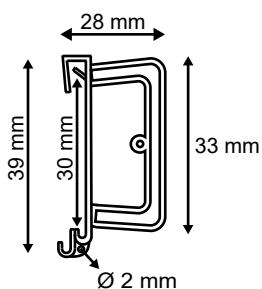

2.5 Shelf clips

Shelf clips are an easy way to grab customers' attention while walking around the retail shelves. It focuses their attention on the items in that area. Shelf clips can be removed easily at the end of a promotion. Shelf clips can also be used in combination with a coupon holder for a special discount action.

SHE5/S

2.8 Hang Strips

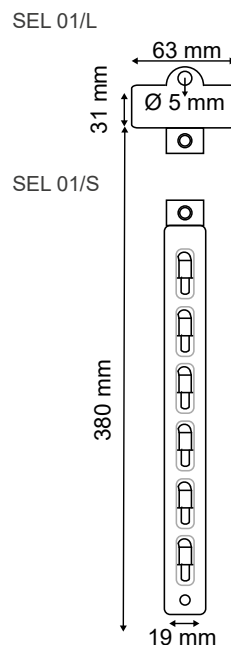

Hang Strips enable previously unused areas to create impulse buys. Products thereby become highly visible and easy to pick.

We suggest to put Hang Strips in following areas of the shops: check out points, shelf edges, chiller cabinets, store columns. They offer further space for customizing and branding.

Hang Strips are available in a wide variety of styles, thicknesses and sizes. They can be pre-cut, on reels, with loose headers, ...

Hang Strips features:

- *Maximum utilization of retail selling space*
- *Impulse purchase opportunities*
- *High visual impact*
- *Cross selling opportunities*
- *New product launches*

2.10 Hang Strips on request

All Round encourages enquiries from organizations who have specific difficulties with pack hanging and point of sale accessory products. New product concepts can be turned round quickly in conjunction with prototype samples of production quality.

Heavy, bulky, odd shaped products sometimes have no means to be hung... Whatever your product dictates, a solution is possible.

By sending us a product sample, we can manufacture a relevant prototype in a very short time.

L → length | W → width | H → height | Ø → diameter |  → capacity | → stock |  → on request

3. Ticket Accessories

Your clients and staff like to see all product information at once: names, prices, technical specs and bar codes. Within the ticket accessories' category, you will find a handy mounting system for each label of any product that makes this information clearly visible.

Fixing tags in nylon or polypropylene are a simple example. They make sure you can attach all information firmly to your products by means of attachment cords, cable or zip ties. Metal clamps are another option.

If the information needs to stand out, you can opt for card holders. Within this product range, there are plenty of possibilities: magnetic, adhesive or with a hanging system. Or do you consider spikes, clamps or clips? We propose a tailor-made solution based on your product information.

Do you sell products made of precious or fragile materials? Then we offer a unique solution to attach information to these. Transparent fix-twists allow you to attach all information and promotion properly to the surface, without the risk of leaving stains or damage afterwards.

Our suction cups are also available in different versions: with or without a screw, with a metal hook, with a small pin or a suction cup with a ring. This allows you to attach (almost) everything by means of a suction cup.

And please don't forget: every now and then you also have to sell yourself ! Clients like to know who is who in your company and on professional trade shows it's obvious that your logo and position should be visible. Badge holders are an excellent choice for this.

Would you like to receive more information about this extensive range? Don't hesitate to contact us if you want any clarification and a proposal that perfectly suits your needs.

3.1 Attachements

Attachments, cords and cable ties are an excellent means of holding tags, signs and banners firmly in place. They also secure sell strips and signage to wire baskets. They are available in various sizes and styles. All of them are made from clear flexible nylon or polypropylene.

ATT16 - ATT17

ATT16: Plastic gun to attach nylon tags – for normal fabrics. Its ergonomic design and easy-squeeze mechanism make it “the number one” choice for tagging applications. This accepts 50 fastener clips.

ATT17: Pack of 5 regular needles to go with tagging gun. All needles are precision-crafted with a round tip and a smooth exact profile to prevent snagging.

3.2 Supergrips

A range of SUPERGRIPS (ticket holders) allow point-of-sale signs and panels to be displayed in many different ways to suit all applications.

The message fitted to a SUPERGRIP is as important in giving the customer information as the message on the product itself. And if you are not using the right label for the job, then you are not displaying the best message...

UNCLEAR MESSAGES CAN MEAN LOST SALES.

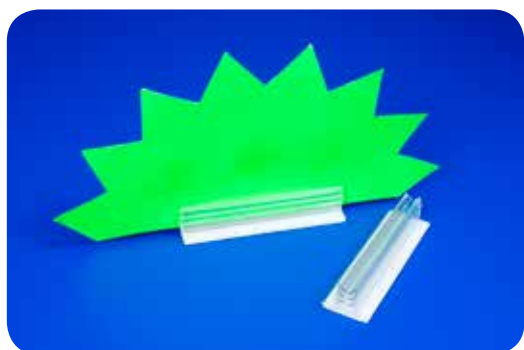

There are a myriad of ways in which products can be displayed and for every idea there needs to be a pricing label, display panel or SUPERGRIP for the job.

We carry a huge selection of SUPERGRIPS and all you need to do is give us a call to discuss your ideas. Tell us where you need to display the products and we will advise as to the type of SUPERGRIP you need.

SUPERGRIPS are manufactured from super strong transparent PVC and have either an adhesive or non-adhesive base.

4 display types for our Supergrips:

- **Clear PVC card holder with self-adhesive foam base.**

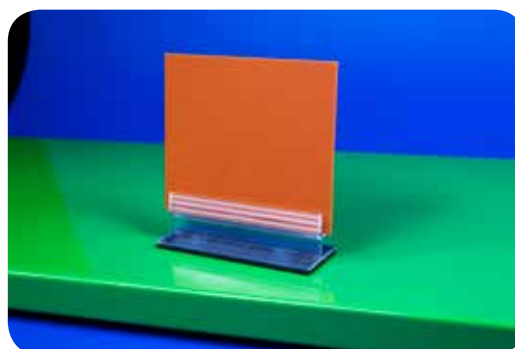

- **Clear PVC parallel supergrip with self-adhesive foam base.**

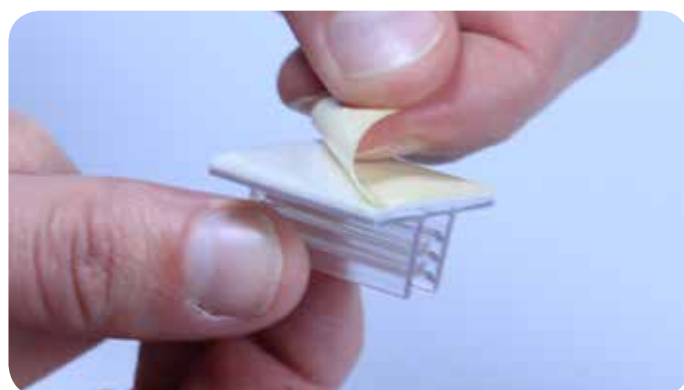

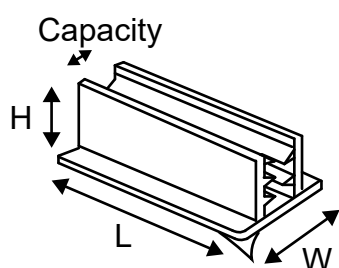

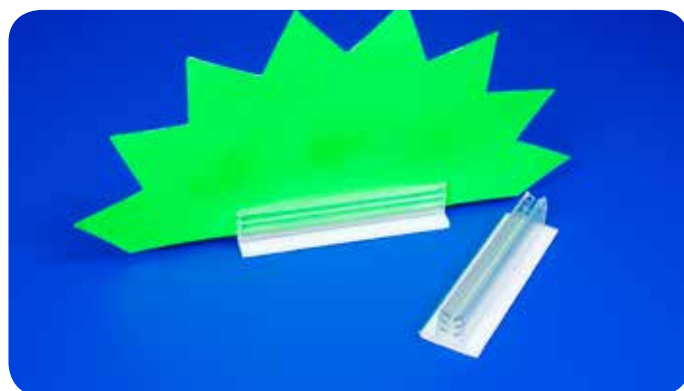

- **Clear PVC supergrip without adhesive.**

- **Clear PVC card holder with magnetic base.**

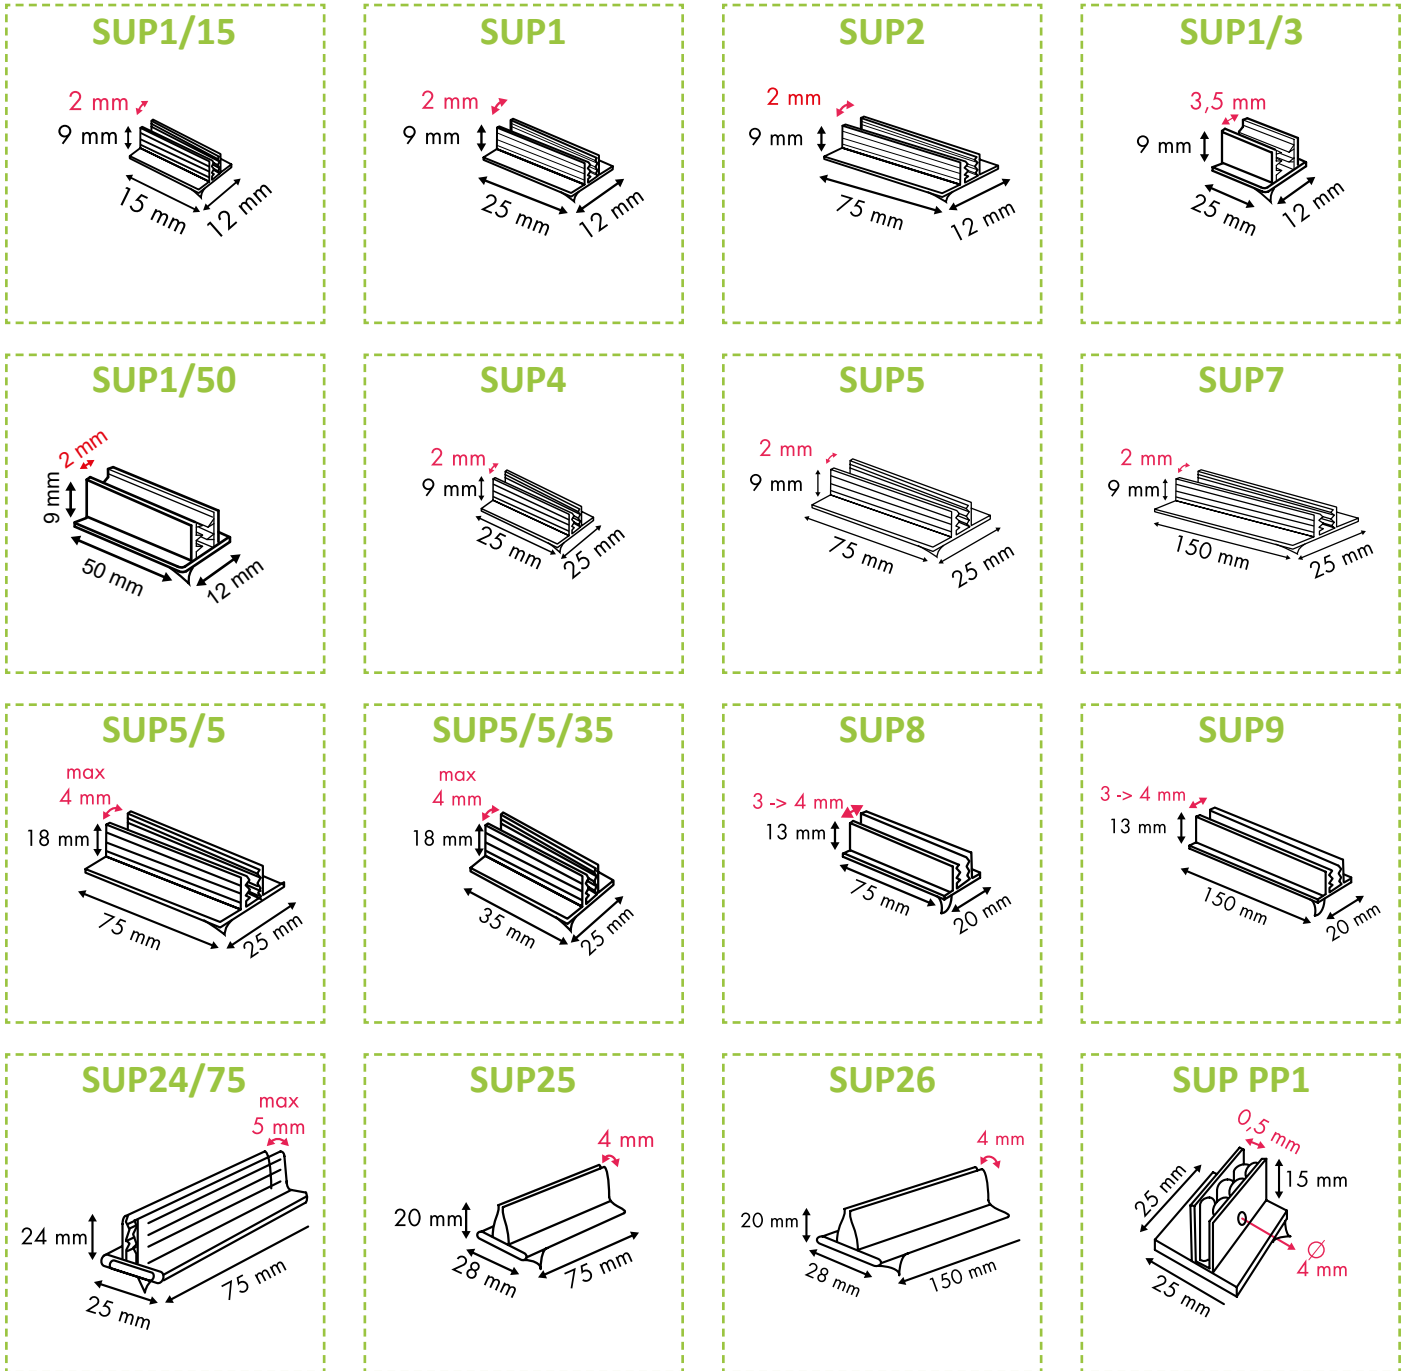

Clear PVC card holder with self-adhesive foam base.

3.5 Fix-Twist

HAN1/RT

Is also called **FIX-TWIST**.

It is actually a ticket button for product labelling.

It has been specially developed to create a secure fixing for labelling high value goods: computers, cookers, freezers, fridges, furniture, office equipment, TV's...

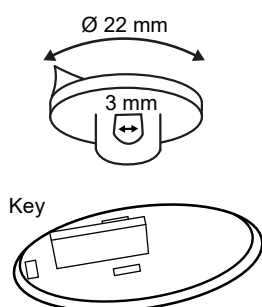

FIX-TWIST is a very small but strong anchor point, yet gentle to the surface of your goods, leaving no marks after use and not damaging painted surfaces.

Sticks on almost every surface: wood, steel, glass, plastic, paper, cardboard,...

The button and adhesive are totally clear. **FIX-TWIST** has got a very high instant adhesion (sticky gel pad with a reliable grip). The button can be removed using the free tool (supplied with your purchase) which helps twist disc off. The twist action loosens the gel pad's grip on the product surface, allowing quick and easy removal... and importantly leaves no marks.

All Round has a range of natural colored security ties to help attach label and tickets to products, as well as PVC pockets.

3.12 POS-Clips assembly spare parts

Our POS-Clips product range is made of 30 different individual components. The usage of the different individual parts is normally not as stand-alone products. The different individual components will normally combine and assemble in a myriad of POS Clips.

Find below the product codes and different measurements. All these products can be combined in one way or another. Start from the bottom and simply assemble your choice of base, grippers, magnets, card holders, etc.

Own ticket holder configurations can be built by assembling the different components that match your requirements.

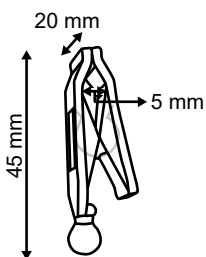

→ All components are made of polystyrene.

Specific & custom request packing

→ We are packing whatever needs to be dispatched.

Please let us know what you need – we will find the appropriate solution. We will take care of the specific packing units you are asking for and pack accordingly. Whether you need products to be packed by 2, 25, 150,... we will do it for you !

→ We can also provide you with fully assembled kits e.g. a ceiling hanger + a metal ceiling hook + a set of poster profiles including its eyelets.

All Round is a true supply partner to its customers and provides real working solutions to their problems. Our objective is to ensure the products will be delivered when you want and in excellent solution. We know on-time delivery is the key component of the order fulfillment process. We ensure the order is accurate and dispatched with proper packing & labelling.

4. Leaflet dispensers

Often your clients need more information than only technical details and a price. In this case, you like to offer them a folder, a product file or a business card, neatly arranged in a brochure holder or a card support. The support pieces come in plastic as well as in cardboard and we deliver them as separate parts or fully mounted. The benefits? Your campaign immediately attracts the attention and you can change the content whenever you want.

Looking for personalized brochure holders? Please give us a sign and you will get all possible options. No strings attached.

4.7 Cardboard display stand

BAC1/MT

Cardboard display stand with adhesive tape on the back.

- Cardboard back supports are produced from a sturdy cardboard case and are delivered flat (or for when the sign is not in use).
- The unique press-out brace gives the support a sturdiness that is not found in other braces of this type. Various sizes are available as a stock line and can be fitted to A4, A5 and even A3 sizes, ...
- The adhesive strip provides a secure long lasting hold on the back support and can be attached to paper, card, polypropylene, corflute, aluminium and so many other surfaces.
- The support is also fitted with a special tab should there be a need to hang the sign.
- The **EASY PEEL** feature enables a quick and rapid manual removing of the backing paper

5. Display Accessories

Several products are ideal to be presented packed and displayed on merchandising hooks, mounted in different ways on the wall. The benefits? You save space, maintain the overview and the client can help himself easily.

You make a selection of different materials and mounting systems, depending on your product. Next, you finish as you wish with limiting clips, label holders and anti-theft systems.

Your product hasn't got a hole yet in order to hang it up? Then our unique adhesive Hang Tabs are made for you. Cheaper than blister packages, incredibly easy to use and moreover made of fully recyclable material.

Other accessories within this range are rotating displays and protection and connection pieces for normal displays.

You want some extra effect? Then quickly move on and also discover our LED lights.

PEG40/MAG	Magnetic opener.		●	

5.10 Hang Tabs

Our Hang Tabs are 100 % recyclable and environmentally friendly

Numerous businesses are missing out on a number of sales benefits by not being aware of Hang Tabs and the way they can gain from their use.

Hang Tabs can be simply defined as self-adhesive die cut hangers applied to retail products that otherwise had no way to be hung in a retail environment or need their hanging feature reinforced...

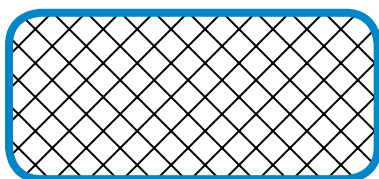

Superstores or supermarkets showcase thousands of different products. Getting noticed or standing out amongst those products, without a doubt, is a challenge...

One way to grab the buyer's attention on retail goods is the smart use of self-adhesive hooks where retailers can display merchandise at eye level rather than having to stack it on shelves.

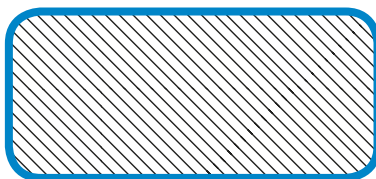

Hanging products brings following benefits:

- Increase sales by creating an attractive display of products.
- An obvious reduction in retail space used
- Significant reduction in packaging when compared to other forms of hang sell like blister packaging or large header cards.
- Fast stock movement resulting in decreased loss for products with limited shelf life

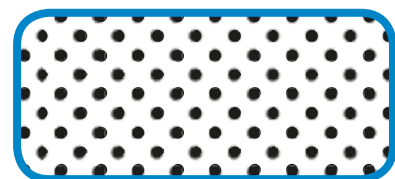

How to choose your HANG TABS :

FLEXI TAPE

STANDARD TAPE

FOAM TAPE

hang tabs on pad blocks

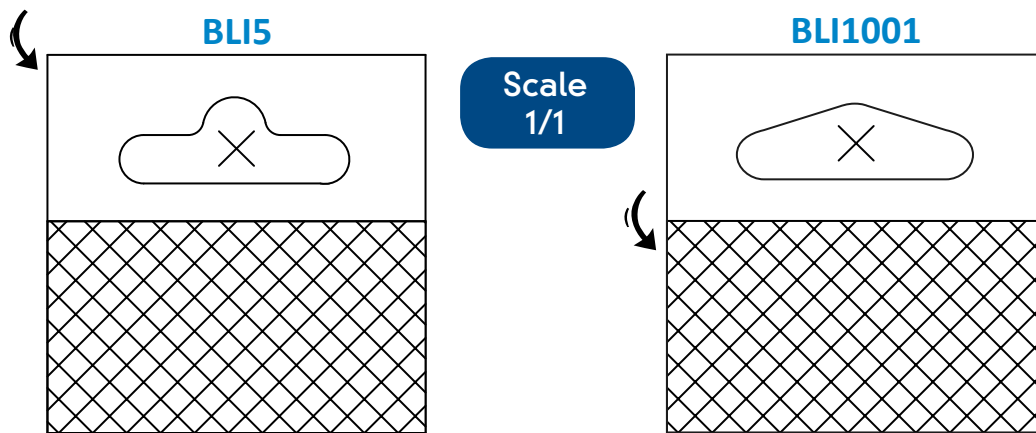

This remarkable format of sticky hooks involves stacking 10 pieces of hang tabs on top of each other. Hang Tabs on pad blocks are packed in boxes of 500 or 1.000 units.

In reconstructing the packaging of some hanging products, the pad format is invaluable and simple to disperse among floor staff. By taking the products into the customers' eye level using hang tabs, it can substantially improve sales. Pad format is very handy, you can carry two hundred (200) hang tabs in your pocket unnoticeably, something not smart with sheet or roll form.

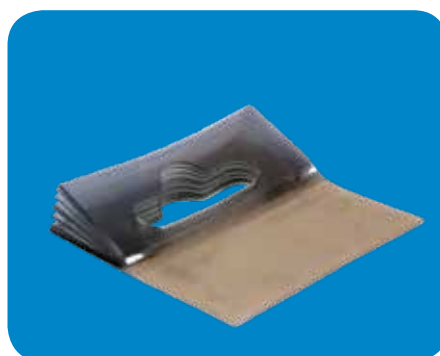

Ordering in extremely high volume, pad form hang tabs is most likely the most cost effective format mainly because of the tiny amount of backing paper it needs as it is shared by the stack. This is not feasible with other formats similar to the sheet or roll form.

The pad format is usually a flexible piece of hang tab where its hanging part is a rigid PET and the lower portion is the sticky section. It is capable to fold up for packing. For example, if a manufacturer adding hanging option at the top of their products with the use of flexible Euro Slot hang tabs, they still can use their regular same shipping cartons as the euro slot hang tabs are flexible.

6.3 Hook & loop fasteners

Our Hook & Loop is a heavy duty industrial product, that will survive most elements thrown at it. It will survive in the wet, and in the sun for many years. Our self-adhesive fasteners is a generic peel and stick product, that performs well with adequate surface preparation and cleaning prior to application.

Hook is the rough, scratchy part - in self-adhesive is the more purchased with people buying to put onto signs, banners or posters to put up on their walls at the point of sale, or on the walls already lined at expos.

Loop is the soft, fluffy part – mostly used to apply to the wall/more permanent surface of the two; a hook & loop pair would be applied to.

7.4 Plastic frames & accessories

Plastic frames and its accessories range can be placed almost everywhere in the retail & shops, when promoting, selling or displaying important information about your products and services. The range of products that can be advertised is endless and the media in the double sided frame can be changed whenever you wish.

Plastic show card frames are no longer being carried in stock as a standard product of our range. If need be, we can however source them any time within a reasonable time frame.

TERMS & CONDITIONS OF SALE

1 - GENERAL

- 1.1 In these conditions 'The Company' refers to All-Round NV and the 'Customer' refers to the purchaser of the goods.
- 1.2 The Customer agrees that the conditions set out below shall be incorporated into any contract with the Company.
- 1.3 Clerical errors may be corrected by the Company at any time

2 - FORMATION OF CONTRACT

- 2.1 The Customer's standard terms or any other terms provided by the Customer shall not be incorporated into the contract or any variation thereof less expressly accepted by the Company in writing.
- 2.2 The order consists of an acceptance by The Company to supply the goods and or services upon The Company's terms and conditions here set out and shall, unless previously cancelled by The Company by written notice to The Customer, be deemed to be accepted upon receipt by The Company of The Customers' written or verbal instructions to supply goods and or services, by accepting delivery of any part of the Goods and or services. The Terms and Conditions here set out shall apply to the contract to the exclusion of all Customer order terms and conditions on which any purchase order has been given to The Company or subject to when the order is accepted or purported to be accepted by The Company. Neither party shall be bound by any variation, waiver or addition or exclusion to the terms and conditions here set out unless agreed in writing between the authorised representative of The Company and The Customer.

3 - QUOTATIONS

- 3.1 All prices are, unless otherwise stated, quoted Ex Works exclusive of delivery costs and VAT. The Company reserves the right to be exercised at it's discretion, to vary the price of goods, if, subsequent to the date of the quotation there is any increase or decrease in the total cost to the Company of producing or acquiring the goods which is beyond the Company's control.
- 3.2 In such an event the Company will give written notice to the Customer before delivery. If such alteration increases the price, the Customer may cancel the relevant order by notice given to the Company within 3 days of the date of the notification of the increase by the Company.

4 - SAMPLES

The Company may at its discretion submit a sample to the Customer for approval before executing the bulk of the order, which will only be commenced on receipt of such approval in writing. All goods in respect of which is sampled is so approved shall be deemed to have been satisfactorily tested by the Customer and to comply with the specification for the goods.

5 - WARRANTIES

- 5.1 The goods shall be of satisfactory quality and will conform to any specification agreed by the Company in writing, within the normal limits of industrial quality for such goods.
- 5.2 The liability of the Company for breach of the above term, or any claim in respect of any defect in the goods, shall be limited to replacement of the defective goods or, at the Company's option, reimbursement of the price paid for those goods. The company's responsibility is strictly limited to the pure and simple replacement of any defective recognized goods /parts by cross-examination after return in our stores, whatever the nature of the defect is. This excludes any damages & failures whatever they are.
- 5.3 The Customer shall not be entitled to make any claim in respect of any such defective goods unless the claim is notified to the Company in writing within 7 days from delivery of the goods.
- 5.4 The Company shall not be liable to the customer where the defect or damage in respect of which a claim is made has been caused or contributed to by:
 - 5.4.1 Abnormal usage of the goods. The company cannot accept complaints for goods which were used or transformed by the buyer.
 - 5.4.2 An act or omission of anyone other than The Company.
- 5.5 Any particular purpose for which the goods are to be fit must be agreed in writing between the Company and the Customer. If no such agreement is made, the customer acknowledges and agrees that he has not made known expressly or by implication to the Company any particular purpose for which the goods are being bought.
- 5.6 Save as set out above:
 - 5.6.1 All terms relating to the quality of the goods or to the fitness to the goods for a particular purpose are excluded from any contract between the Company and the Customer.
 - 5.6.2 The Company shall be under no liability in respect of any defect in the goods.

6 - DELIVERY

- 6.1 Time is not of the essence of the contract.
- 6.2 If the Company does not deliver the goods within 21 working days of the date stated for delivery on the order then the Customer may give written notice to the Company that delivery is required within a period of not less than 14 days, to be sent by recorded delivery. If the Company fails, without good reason, to commence delivery of the goods within the stated period then the Customer may cancel the order. In the event of such cancellation the Customer shall not be liable to pay any further sums in respect of goods which have not been delivered.
- 6.3 The Customer shall have no right to damages for any failure on the Company's part to deliver the goods in accordance with the time stated for delivery.
- 6.4 Where an order requires delivery of a number of items, the Company reserves the right to deliver all or any number of those items as soon as they are available and the Customer shall honour all statements presented in respect of such deliveries in accordance with the payment terms.

7 - INSPECTION AND ACCEPTANCE

- 7.1 If the Customer wishes to inspect the goods prior to delivery, such inspection must be made at the Company's premises and notification of this requirement must be given in writing at the time of placing the order. If upon inspection goods are approved by or on behalf of the Customer then such approval shall constitute acceptance by the customer that the goods conform with their specification and that the goods are fit for any particular purpose agreed under clause 4.
- 7.2 If no such inspection is made then, unless the Customer gives written notification to the contrary to the Company within 3 working days after delivery, the Customer shall be taken to have approved the goods and to accept that the goods conform with their specification and that the goods are fit for any particular purpose agreed under clause 4.

8 - SPECIFICATION

- 8.1 All drawings, descriptions, specifications and particulars of the goods to be supplied are approximate only.
- 8.2 The descriptions and illustrations contained in the catalogues, on the website and other advertising of the Company have been provided in good faith by the Company but:
 - 8.2.1 No such description, illustration, price list or other advertising shall form part of the contract;
 - 8.2.2 If the Customer wishes to rely on any such description, illustration, price list or other advertising in entering into the contract it must notify the Company in writing before the Company provides a quotation. If no such notification is given, the Customer agrees that it did not rely on any such representation in entering into the contract.
- 8.3 The Company reserves the right to incorporate new features and to supply products which may not be strictly in accordance with the specification agreed upon, provided that any changes in specification shall not materially prejudice the performance of the goods.

9 - QUANTITIES

- 9.1 The quantity of the goods ordered shall be subject to a tolerance of +/- 10 %. Any quantity delivered within the accepted tolerance will be invoiced at the agreed rate.
- 9.2 The Company cannot accept complaints for waste or damage lower than 5 % of the order.
- 9.3 A receipt in respect of the delivery must be signed on receipt of the goods by the Customer or his representative at the Customers premises. Unless the Customer notifies the Company in writing of any shortfall within 48 hours of delivery, the Customer is taken to accept that the correct quantity has been delivered. The Company will have no liability for any shortfall and will be entitled to payment for the full quantity.

10 - PAYMENT

- 10.1 Payment for the goods must be made within 30 days of the date of the invoice.
- 10.2 In the event of non-payment within 30 days, then the Company may charge interest on all unpaid sums at a rate of 8% over the current base rate prevailing in Belgium.
- 10.3 The Company does implement it's statutory right to interest.

11 - EURO PROTECTION

Where it is agreed that payment for the goods is to be made in any currency other than € Euro the Company reserves the right to be exercised at its discretion to vary the price so as to take into account any changes in the rate of exchange between the date of the Company's quotation and the date of the invoice.

12 - RETURNS

Goods can only be returned if written authorisation has been received from the Company. The goods must be in their original cartons. Incomplete cartons will not be accepted.

13 - RISK

Risk in the goods shall pass to the Customer on delivery.14 - TITLE

14.1 Until full payment for all goods has been received by the Company:

14.1.1 Property in all goods shall remain in the Company, notwithstanding delivery of the goods or any part of them;

14.1.2 The Customer shall be at liberty to sell or deal with the goods in the ordinary course of business, but until full payment in respect of all goods has been made;

a) The Customer shall hold the Goods as trustee of the goods for the Company:

b) The Customer shall hold any rights to payment or other consideration arising out of any sale of the goods in trust for the Company and agrees to assign such rights to the company upon request by the Company;

c) The Customer shall hold the proceeds of any sale of the goods as trustee for the Company. The proceeds shall not be mingled with other monies or paid into any overdrawn bank account and such monies shall at all times be identifiable as the Company's monies. The Customer as trustee for the Company shall not be entitled to deal with such monies in any manner whatsoever.

14.2 The Customers power to sell or deal with the goods in the ordinary course of business shall be automatically revoked if the Company cancels the order under clause 15 below.

14.3 Upon determination of the Customers power of sale, the Company shall be entitled to reclaim the goods and the customer grants the company a license to enter the Customers premises for that purpose.

15 - CANCELLATION

15.1 If at any time the Customer cancels an order for goods or services which do not appear in the Company's most recent catalogue or which are, in the Company's opinion non standard, then the Company shall be entitled to claim an amount up to 85% of the value of the order, as liquidated damages for stock. The Customer agrees that the said amount represents a genuine pre-estimate of the Company's loss. The said sum shall be recoverable by the Company from the Customer as a debt.

15.2 If the Customer fails to make the correct payment to the Company for the products by the date on which any such payment is due, or makes a composition or arrangement with his creditors, or becomes bankrupt or being a company makes a proposal for a voluntary arrangement for a composition of debts or scheme of arrangements to be approved in accordance with the Companies Act 1985 or the Insolvency Act 1986 as the case may be or any amendment or re-enactment thereof, or has a provisional liquidator appointed or has a winding up order made or passes a resolution for voluntary winding up or under the insolvency Act 1986 or any amendment or re-enactment thereof has an administrator or an administrative receiver appointed then:

15.2.1 The Customer shall immediately inform the Company;

15.2.2 The Company may by notice in writing to the Customer cancel the order any other orders which may be outstanding between the Customer and the Company.

15.3 In the event of such cancellation:

15.3.1 The Company shall be entitled to reclaim the goods in accordance with the provisions of clause 14 above;

15.3.2 The Customer shall remain liable to pay the Company the full purchase price for the goods less (i) the disposal value received by the Company for the whole or part of the goods in its possession or reclaimed by the Company under paragraph 14 above (ii) any part of purchase price for the goods paid by the Customer to the Company and (iii) any direct costs incurred by the Company in the direct costs incurred by the Company in the performance of the order. The Company's determination of such amount shall, in the absence of manifest error, be binding on the Customer.

16 - FORCE MAJEURE

The company shall not be liable to the Customer for failure to deliver the goods or for any delay in delivery of the goods or for any damage to or defect in the goods where such failure is caused or contributed to by any cause outside the Company's reasonable control, including but not limited to shortages of raw materials, strikes, riots and civil commission or acts of God, theft, water and embargo.

17 - LAW AND JURISDICTION

These conditions are governed by Belgian Law. Any disputes shall be submitted to the exclusive jurisdiction of the Belgian courts (Ghent).
